

Turnout of the Horse:

Cleanliness and neatness are the foremost requirements regarding the turnout of a horse. Three gaited horses are traditionally shown with a trimmed main and forelock. A full main may be worn but must be ribboned.

General Class Routine

All divisions enter arena at a trot moving in a counter clockwise direction through the gate. Order of gaits are trot, walk and canter where applicable. These gaits are performed in both directions against the rail. In the equitation classes the individual workouts are performed after the rail class for level 2 and 3.
